Cancer Support Community Central Ohio Welcomes New Member to Board of Directors

COLUMBUS, Ohio (May 27, 2016) – Cancer Support Community Central Ohio is pleased to announce the appointment of Chuck Peirano, Enterprise Fraud Program Director and Senior Vice President at Huntington National Bank. In addition to his general board responsibilities, Peirano will be serving on the Development Committee.

“I am no stranger to a cancer diagnosis,” offered Peirano. “My wife was diagnosed with Leukemia five years ago and my brother and sister-in-law have also suffered from the disease— it is definitely something that hits home with me. My decision to get involved with Cancer Support Community was simple. If I can do anything to help the thousands of central Ohioans who have also been affected by cancer in any way, I will.”

Peirano has had an impressive career over the past 30 years, holding positions as Assistant Vice President and Vice President at Bank One and Senior Vice President at JP Morgan Chase for nearly 24 years. In his current role at Huntington National Bank, Peirano provides strategic leadership and support on fraud prevention, investigations, and education as well as coordinating the reporting of fraud risks and exposures to senior executive management. He also analyzes current and emerging fraud trends and proposes and implements recommendations or system solutions to mitigate fraud risk.

Peirano is innovative, well-connected, a strategic problem solver, and has a knack for building capable processes to generate enduring results. With a wide-ranging perspective on the financial services industry, he has a passion for driving change and delivering breakthrough growth and business results.

“We are so thrilled that Chuck has decided to join our board,” said Bev Soutl, President and CEO, Cancer Support Community Central Ohio. “The philanthropic work that Chuck has done throughout his lifetime is as impressive as his accomplishments in business. We believe he will be a great addition to our board and know that his family’s personal connection with cancer, along with his expertise in the financial industry, will enhance the work of our organization.”

During his free time, Peirano loves vacationing in North Carolina with wife, Margie, and two daughters. He also enjoys spending his time outdoors biking and doing yard work.

About Cancer Support Community Central Ohio

The mission of Cancer Support Community Central Ohio is to ensure that all people affected by cancer are empowered by knowledge, strengthened by action, and sustained by community. Cancer Support Community programs serve all people living with any type or stage of cancer, from diagnosis through survivorship. We play a vital role in the lives of individuals, their families and caregivers as they navigate their cancer experience by providing them with education and a community of support.

All programs are facilitated by licensed and credentialed facilitators and instructors, are proven to be effective by solid evidence and are offered in a comfortable, home-like setting. There is never a fee to
