Cancer Support Community Central Ohio Welcomes New Member to Board of Directors

COLUMBUS, Ohio (July 21, 2016) – Cancer Support Community Central Ohio is pleased to announce the appointment of Frank S. Carson, Assistant Attorney General in the Court of Claims Defense section of the Ohio Attorney General’s Office, to its board of directors. In addition to his general board responsibilities, Carson will be serving on the Development Committee.

“I joined this board because I know first-hand the toll that a cancer diagnosis can take on a patient, as well as on that patient’s family,” said Carson. “Medical professionals may provide the treatment for the disease, but so much more is required to effectively overcome a disease as pervasive as cancer. The services provided by Cancer Support Community are an integral part of the cancer treatment plan.”

Carson earned his Bachelor of Arts from The Ohio State University and his Juris Doctor from The Ohio State University Moritz College of Law. He is a member of the Columbus Bar Association, Ohio State Bar Association, the AGO Connect Advisory Board and the AGO Diversity Committee.

Carson practices primarily in the areas of litigation, including negligence, personal injury, medical malpractice, premises liability, defamation and contract law. He previously worked at Fifth Third Bank as a sales manager, and at Merrill Lynch as a wealth management advisor

“After meeting with Frank, I could tell that he was extremely enthusiastic about supporting our mission,” said Bev Soult, President and CEO of Cancer Support Community Central Ohio. “Frank shows such great leadership in our community, we know that he will bring the same dynamic to our organization as a board member.”

He is admitted to the bars of the State of Ohio, the U.S. District Court for the Northern District of Ohio, and the U.S. District Court for the Southern District of Ohio.

When Carson is not working, he enjoys traveling and working out.

About Cancer Support Community Central Ohio

The mission of Cancer Support Community Central Ohio is to ensure that all people affected by cancer are empowered by knowledge, strengthened by action, and sustained by community. Cancer Support Community programs serve all people living with any type or stage of cancer, from diagnosis through survivorship. We play a vital role in the lives of individuals, their families and caregivers as they navigate their cancer experience by providing education and a community of support.

All programs are facilitated by licensed and credentialed facilitators and instructors, are proven to be effective by solid evidence and are offered in a comfortable, home-like setting. There is never a fee to
