Cancer Support Community Central Ohio Welcomes New Member to Board of Directors

COLUMBUS, Ohio (August 6, 2018) – Cancer Support Community Central Ohio is pleased to announce the appointment of Devra Cornell, Vice President of Human Resources for Bob Evans Farms, Inc., to its board of directors. In addition to her general board responsibilities, Devra will be serving on the Marketing Committee and the Human Resources Committee.

“My passion to serve and support those impacted by cancer motivated me to join the Cancer Support Community Board of Directors” states Cornell. “I have a desire to give back to an organization that is truly helping all people; individually and the friends and family of those impacted by cancer. Every day, I find ways to practice and cultivate gratitude. Since joining the Cancer Support Community Board of Directors, I’m not only grateful for the opportunity to serve the organization, I’m honored to share my time to help others in our community.”

Growing up in the restaurant business, where both her parents and grandparents owned and operated restaurants for more than 50 years, it was clear to Cornell that she was destined to pursue a career in the hospitality field. Cornell worked in restaurant operations for several years after college and has since grown her career in Human Resources working for some fantastic companies over the past 20 years, including Bob Evans Farms, Emeril Lagasse Restaurants, and Bravo Brio Restaurant Group. Devra has an incredible passion for people and the Bob Evans Farms business.

“We are so thrilled to be adding Devra to our board of directors,” said Bev Soutl, Cancer Support Community Central Ohio President and CEO. “Devra brings great strength and leadership to our distinguished Board of Directors with her expertise in HR and community philanthropy at Bob Evans Farms. An icon in our community, Devra is a great asset to our organization and we’re proud to introduce her to our membership.”

About Cancer Support Community Central Ohio

The mission of Cancer Support Community Central Ohio is to ensure that all people affected by cancer are empowered by knowledge, strengthened by action, and sustained by community. Cancer Support Community programs serve all people living with any type or stage of cancer, from diagnosis through survivorship. We play a vital role in the lives of individuals, their families and caregivers as they navigate their cancer experience by providing education and a community of support.

All programs are facilitated by licensed and credentialed facilitators and instructors and are proven to be effective by solid evidence. There is never a fee to attend—all programs and services are provided at *no cost* to ensure that we do not increase the financial burden that often accompanies the cost of cancer care.
